[Jean-Claude Boton](#), wood

Congratulation to [Shaukat Chaney](#) for being elected to the Ontario Society of Artists.

The OSA has a very long tradition which began with its founding in 1872. We are Canada's oldest continuously operating artists' society. The Society was instrumental in establishing major art institutions, including the Art Gallery of Ontario and the Ontario College of Art and Design. We are looking forward to celebrating the 150th anniversary of the Society in 2022 and planning is already underway for a number of special exhibitions

Also congratulation to [Hengameh Kama-Rad](#) who has been selected to have a solo show at the Community gallery

[Maria Saracino](#) will have a show with Chris Banfalvi (Metal) at the Orange Gallery in January.

NCNS MEETINGS

The January 29 and February 26 meetings will be held at the Heron Community Centre.

EXPORTING ART TO THE US

I ([France Grice](#)) have an order for 3 sculptures to be sent to the US. I will be documenting the process starting with the having a Certificate of Canadian Origin through CARFAC

This will prevent to be charged custom if the work is returned to the sender in Canada.

I am in the possession of a document from the US Customs and Border Protection that state that original art including sculptures should be declared to CBP but are entitled to enter the US duty free. Will I need a broker?

The attached pdf is 30 pages... just to let you know before you print

Of course, I first need to do the sculptures first but that is another story.... To follow.

ART SUPPLIES PROVIDERS

We are compiling a list of useful addresses for sculpture making. We will continue to add to it so let us know if there are other suppliers you wish to add.
